

## ANTE-CONVENTION.

The Situation Resembles That of Eight Years Ago.

## SEVERAL BOMBS UNDER WAY.

Ex-Secretary Fairchild, the Leader of the Cleveland Element, of the Opinion That the Tammany Kickers Will Do the Ex-President No Harm—Boies' Boom Flourishing—Gray's Just Budding—The Campaign to Be Fought on Tariff Only.

CHICAGO, June 18.—Save for the fact that more booms are under way, and that the men who love Cleveland for the enemies he has made are not particularly numerous the ante-convention situation very closely resembles that which prevailed in the days preceding the assembling of the representatives of the Democracy of the nation in 1884 in the exposition building on the lake front, within a stone's throw of the wigwam within which the coming convention will assemble, and which resulted in the nomination of Grover Cleveland, and subsequently in his triumphant election. Then, as now, the anti-Cleveland element of the New York Democracy forced hostilities from the moment of its arrival; then, as today, it asseverated that he could not unite the Democracy of the Empire State and carry it in November; then, as now, it had but one battle cry, "Anybody to beat Cleveland."

## A Conspicuous Figure Missing.

One conspicuous figure in the opposition of that year—John Kelly—is missing, but his place is ably filled by Richard Croker, with Lieutenant Governor Sheehan and Edward Murphy, Jr., as staunch and capable lieutenants. Whether the parallel will continue until the end of the convention the developments of the coming week alone can determine.

Naturally enough the official statement of the anti-Clevelandites from New York, and which was made public Thursday night, after hours had been spent in its preparation and revision, is the sensation of the moment at the various headquarters. That it was a strong document is generally admitted. At the same time those who expected something startling are free to confess that it contains nothing more than a summary of the objections and declarations that the Tammany Hallites have been putting out for months.

## New York and Cleveland.

Secretary Fairchild, who may be regarded as one of the principal mouthpieces of the Cleveland element, is emphatic in the opinion that the pronouncement of the New Yorkers will certainly do no harm to the cause of the ex-president, while it may possibly be used to his advantage among the uninstructed delegates. It is, he says, nothing more than the regular stereotyped Tammany kick, and which is now regarded as a concomitant in every national Democratic convention. They took the same course, he says, sixteen years ago, when they antagonized the prevailing sentiment for Tilden and loudly proclaimed that he was not the choice of New York. On that occasion their opposition was kept up after the campaign, but, notwithstanding this fact, and the numerous speeches made by John Kelly against the Sage of Grammercy park, the latter carried his state by a majority of over 30,000.

Eight years ago, so also Mr. Fairchild reflects, Tammany was in the front rank of the opponents of Grover Cleveland, and notwithstanding which he was both nominated and elected. Tammany was favorable to Cleveland four years ago and when he was defeated, just as was Hancock, their favorite son in 1880. The ex-secretary is, therefore, inclined to look upon the support of Tammany as a withering blight, and upon its bitter antagonism, whether to Grover Cleveland or to any other candidate, as a good omen. In fact he is perfectly willing that Croker and his following should keep up their antagonism to the end, just as did John Kelly in 1884 when he marched out of the exposition building with his dogged features shrouded in gloom, and the declaration upon his lips that he was through trying to prevent the national democracy making fools of themselves. The interposition of the great reaper enabled him to keep his word.

## Will Wait Awhile.

Nothing will be done by the Cleveland following in the direction of making a reply to the Tammany manifesto until the arrival of the anti-snap delegation. Ex-Secretary Fairchild, however, is already at work upon such a document, and which will be submitted to his colleagues as soon as they get in, which will probably not be until Sunday afternoon. It is promised that the rejoinder will be just as strong, and a good deal more clear and convincing than the original document. It will take the ground that, Tammany to the contrary notwithstanding, Grover Cleveland is in New York to-day by far the strongest of all candidates whose names are likely to go before next week's convention.

The coming campaign will be fought out solely on the issue of tariff reform, of which Grover Cleveland is high priest, and in New York which must be of necessity the principal battleground, the large independent vote can be secured only by this issue. This vote, it will be declared in all earnestness and sincerity for Grover Cleveland, no one else. The anti-snap contingent, says Secretary Fairchild, should not be regarded as a faction, but as a body of men of weight and influence, who regard party success as more important than the ambitions of any individual and who are unself-

ishly devoted to the interest of the party as a whole.

Mr. Fairchild is anxious for preliminary conference to outline a plan of action for ascertaining the exact Cleveland sentiment in the various delegations. When this has been accomplished the leaders will know just how much missionary work remains to be done and where it is most needed. It is likely that a leaf will be taken out of the book of plans and policies which was used to such good effect by the Harrison brigade at Minneapolis, and that the now famous Market hall conference will be duplicated here in Chicago.

## The Boies Boom Flourishing.

Meanwhile, so far as enthusiasm and energy and sincerity are concerned, the Boies boom is flourishing like a green bay tree. More activity is evident at the Palmer House than at any others that have been opened.

Iowans are making a clean canvass, attacking none of the other candidates, but putting in their best efforts toward whooping up their own favorite son. They say that they have nothing against Cleveland, beyond the fact that he has once led his party to defeat, and that he has seriously hurt himself in the west by his stand on the silver question. Apart from New York, they say, he is not nearly as strong in the political affections of the great masses of Democratic voters as he was either in '84 or '88, and his selection for a third term would be something more than a mistake.

Governor Boies, on the other hand, they say, has been steadily growing in strength in the west of late years, and the only logical outcome of the present situation is the selection of a western man. They believe that Boies will not only carry Iowa, but the entire northwestern tier of Republican states, and upon this belief and claim they will go into the convention. So far, only the twenty-six votes of Iowa and the sixteen of Nebraska have been conceded to Boies.

State Senator Shields, however, insists that the Iowa men will go into the convention with nearly one hundred votes, and that he has scores of telegrams and letters from delegates who have voluntarily placed themselves on record as being in favor of Boies as a second choice. The bulk of the Iowa delegation, with a body guard of a couple of thousand enthusiastic adherents of the Hawkeye governor arrived last night, and from that time on the Iowans promise to make Rome howl.

## Gray's Boomlet.

The boom for ex-Governor Gray, of Indiana, is barely in its budding state, although gaudily decorated headquarters have been opened at the Palmer House for the Indiana delegation. A big consignment of lithographs of the ex-governor was delivered at the rooms by an express company Friday morning, but they will not be put out yet awhile, and the only picture that decorates the rallying ground is one of the late Thomas A. Hendricks.

Whether or not Governor Gray's name shall be formally presented to the convention will not be determined until the full meeting on Sunday. If the decision is in the affirmative, however, Senator Voorhees will be assigned to do the oratorical honors. Under the instructions adopted by the recent state convention the delegation is to present an Indiana candidate only in the event of the sentiment drifting in favor of a western man, otherwise it is to stand by Cleveland as the logical candidate.

These instructions are differently interpreted by the Indiana men who are already on the ground. Some of them think that the delegation should vote as a unit for Cleveland on the first ballot, and then turn over to Gray if it develops that Cleveland cannot secure by any possibility the necessary two-thirds.

Thirteen of the delegates, however, are said to be for Cleveland to the end. It is noticed that there is more talk of Gray for second place on the ticket than for the first, and Delegate-at-large Samuel E. Morse, of Indianapolis, who is at the head of the Cleveland sentiment in the Hoosier state, has already nailed up the colors of Cleveland and Gray.

## Will Palmer Be in the Race?

Whether or not the name of Senator John M. Palmer will go before the convention is so far an undecided question. That venerable Democrat has many friends in the various delegations, but his possible candidacy is hampered by the failure of the Illinois state convention to instruct in his favor.

General Palmer, himself, is an out and out supporter of Cleveland, and is anxious that his friends should not hamper the prospects of the ex-president. The Illinois delegation will meet tomorrow and the indications are that it will decide to give the entire forty-eight votes to Grover Cleveland so long as the latter is in the race.

## Reinforcements for Grover.

The Cleveland leaders received strong reinforcements yesterday morning in the arrival of Charles J. Canda, treasurer of the national committee; Edward B. Whitney and Rignal B. Woodward, all three delegates from the Syracuse convention; Colonel R. G. Munroe, secretary of the state committee, appointed at Syracuse, and Miles Ross, national committeeman from New Jersey, together with Frederick A. Fuller, of Jamestown, N. Y., member of the Democratic state committee.

Immediately upon their arrival they held a brief conference with Ex-Secretary Fairchild and General Tracy, and at which a plan of action for reaching the southern delegations as fast as they arrived was discussed. The manifesto issued by Edward Murphy, on behalf of the Hill forces Thursday night was also talked over.

## Hillites Hold the Balance of Power.

Summed up in a nutshell, and as conceded by representatives of all the elements, the situation simply is that the adherents of Senator Hill will hold the balance of power. Just what particular number of votes the supporters of Gro-

ver Cleveland will lack upon the first ballot is a debatable question.

A table carefully prepared by one of the anti-snappers based upon the actions of either of the state conventions gives the ex-president 500 votes, or ninety-nine less than the total needed to nominate. In this, however, the forty-eight votes of Illinois are counted for Palmer, and thirty of Indiana for Gray.

Neither of these calculations can be accepted as reliable, as the ex-president is absolutely certain of fourteen votes from Indiana and twenty from Illinois, which would bring his estimate up to 534. In the estimate in question sixty-eight Hill delegates are credited to seven southern states, but it is contended by the Clevelandites that the men so classified are open to anti-convention arguments.

Whether or no, however, Cleveland's strength is 500 or over that figure, it is apparent at this time, unless there is an entire revolution of sentiment on the part of the Hill people outside of the New Yorkers, he is bound to run from thirty to forty less than the number of votes required on the first ballot.

## The Split in New York.

The feeling between the two factions of the New Yorkers is growing intensely bitter as the result of the official statement given out Thursday night by Richard Murphy, and the responsive attack on the latter, which emanated from the anti-snap headquarters Friday morning. It would not be surprising if, when the rank and file of the enthusiastic Tammanyites get on the ground there should be some personal collisions between the two elements.

## THE PRINTERS.

The Unionizing of the New York Tribune Declared All Right.

PHILADELPHIA, June 18.—At yesterday's session of International Typographical union convention President Kenny of Union No. 6, of New York, made official declaration that the differences with the New York Tribune had been settled satisfactorily. He said he had done nothing at Minneapolis or anywhere else that he did not believe was right. He was responsible to his own local organization, and he denied right of the International union to pass judgement on his act.

Kenny's remarks impressed the delegates, and after similar speeches of the New York delegation, a resolution referring the whole Tribune matter to Union No. 6 was carried almost unanimously. Chicago was chosen as the next meeting place. At Sunday night's session W. A. Snyder, of Topeka, Kan., was elected agent of the union for the Childs-Drexel home. Other matters pertaining to the home were considered and disposed of. It is expected that a final adjournment will be reached today.

## FOR THE FIRST TIME

The Amalgamated Association is Advised to Accept a Reduction.

PITTSBURG, June 18.—For the first time since the Amalgamated Association was organized manufacturers yesterday morning addressed the delegates in their convention hall, advising them to accept a cut in wages. They deplored that a reduction was necessary and stated that it was chiefly their desire to keep their mills in operation which led them to ask the reduction.

President Weihe, on behalf of the delegates thanked the mill owners, and the convention adjourned. The wage committee of the Amalgamated Association being engaged with other duties yesterday afternoon, the discussion of the manufacturers' scale will be renewed today.

## Friday in the House.

WASHINGTON, June 18.—The session of the house lasted just three hours. The Democratic members were restive and desired to get away to the Chicago convention.

Mr. Blanchard, Democrat, of Louisiana, succeeded in getting the river and harbor bill to conference for the second time, after several roll calls, the house insisting on its disagreement to the senate amendments, the two obstacles being the proposed boat railway around The Dalles, Oregon, and the ship canal connecting Lake Union and Washington with Puget sound.

The house refused to take up the tin plate bill and after a parliamentary wrangle over the Silbey tent bill, this being private bill day, a recess was taken until 8 o'clock in the evening. Pension were discussed at night.

## Want More Pay.

INDIANAPOLIS, June 18.—The request of the freight handlers for an increase of pay has extended, and every railroad company in the city except the Pennsylvania has been asked for an increase. An answer is wanted by the 22d of this month. The men say their work is not only extremely hard and dangerous, but that they have to put up with many petty annoyances, and that \$1.25 a day is not living wages. Frequently they must work overtime, and for this they do not receive what they deem proper compensation. The request is for \$1.50 a day and time and a half for overtime.

## The Silbey Claim Bill.

WASHINGTON, June 18.—The Silbey claim bill, over which the house wasted considerable time yesterday in filibustering proceedings against its passage, carries an appropriation reimbursing Silbey for the use of his patent tent by the government. A number of the economists in the house contend that the claim is not a just one, and that they have successfully prevented its passage on private bill days for several months past. The proceedings in the house yesterday were simply a repetition of what has occurred on every occasion when an attempt was made to pass the bill.

## Base Ball.

At St. Louis—St. Louis 3, Cincinnati 3. At Pittsburgh—Pittsburgh 6, Cleveland 7. At Boston—Morning game, Boston 1; Philadelphia 14. Evening game (four innings) Boston 4, Philadelphia 2.

## TO PROTECT THE RED CROSS

A Bill is Introduced in the National House of Representatives.

WASHINGTON, June 18.—Representative Cogswell, of Massachusetts, introduced in the house yesterday a bill to protect the insignia and name of the Red Cross, as prescribed by the treaty of Geneva of August, 1864, and to incorporate the American National Association of the Red Cross, formed to carry out the provisions of the treaty.

The bill provides that from and after its passage it shall be unlawful for any person or association within the jurisdiction of the United States to give, sell, distribute or display the symbol of the Red Cross, or as a designation the words "Red Cross," and all persons so offending are punishable by fine not less than \$50 or more than \$500, or imprisonment for six months.

The bill names Clara Barton, Walter P. Phillips, P. V. DeGraw, Omar D. Conger, George Kennan, R. Delavan Massey, John J. Edson, Henry Boynton, George H. Shields, John Tweeddale, Julian B. Hubbel, S. P. Breckenridge, Leonora B. Halsad, Cora C. Curry, Joseph S. Sheldon, Stephen E. Barton, Samuel H. Goodyear, and all persons who may be associated with it as a body politic and corporate in perpetuity.

Accompanying the bill is a letter endorsing it and recommending its passage, signed by ex-Secretary Blaine, Secretaries Foster, Elkins, Noble and Rusk, Attorney General Miller and the surgeon generals of the army and navy and others.

## BUTCHER KNIFE DUEL.

A Horrible Affair Growing Out of the Taney County Lynching.

SPRINGFIELD, Mo., June 18.—Another violent outbreak is reported from Taney county. Dispatches from Forsyth say that John Nettleton and Richard Meyer, young men, fought a duel to the death with knives, near the town of Proteem, in the northern part of the county. The row was the result of the murder of Sheriff Williams several months ago, Meyer saying publicly that all connected with the mob on that occasion ought to be lynched. Nettleton's people were connected with the affair, and Meyer was promptly challenged. The men fought with butcher knives, both dying in half an hour from loss of blood. Each had at least thirty cuts, most of which were fatal.

## A MALTREATED TEACHER.

Miss Lent Receives Heavy Damages from Her Pupil's Parents.

BLUE EARTH CITY, Minn., June 18.—A case which has attracted much attention, not only in this locality, but throughout the northwest, has just been concluded in the Faribault county district court, the jury having rendered a verdict of \$14,000 in favor of Miss Lent, the school teacher who was so brutally maltreated and maimed for life by the parents of one of her pupils named Craven. The case was one of the greatest battles ever fought in southern Minnesota. The defendants set up a plea of justification. The young lady is a mental and physical wreck, and a criminal action will at once be commenced against the Cravens. There was intense excitement during the trial here.

## Killed by Lightning.

THORNTOWN, Ind., June 18.—George Armstrong, a farmer, four miles from town, was instantly killed by lightning. He was plowing in a field, and stopped under two small trees for shelter from the rain. His body was found two hours later. His son, plowing in another field, became frightened and ran away. The deceased was one of the best known farmers in the vicinity. His widow is prostrated by the shock of his death.

## Wheat Badly Damaged.

NEW WASHINGTON, Ind., June 18.—The wheat crop in this portion of Clark county is badly damaged by smut and rust. Some fields, otherwise promising, are one-third smut. The rust only commenced a few days ago. Heavy dews, hot morning sun, with little or no breeze during the forenoons, are the cause. Corn and meadows are full of weeds. There has been no rain for twelve days and it is badly needed.

## Cyclone Near Indianapolis.

INDIANAPOLIS, June 18.—A cyclone passed over the territory, four miles northeast of the city, yesterday afternoon, doing considerable damage to property. The partly completed amphitheater at the new fair grounds was demolished and several of the buildings were badly wrecked. A heavy fall of rain followed the tornado.

## John L. Preparing to Train.

NEW YORK, June 18.—John L. Sullivan arrived in town from Boston yesterday. He is stopping at the Vanderbilt. His visit here this time is for the purpose of making preparations for the training for the coming fight with Corbett. A place has not as yet been selected, but it is believed that Oyster Bay will be selected.

## Storm at Warsaw, O.

COSSHOCKTON, O., June 18.—A terrible windstorm struck the town of Warsaw, ten miles west of here. A large three-story business block, owned by Joseph Kuhn, was literally demolished. Trees and fences were blown down and the wheat crop materially damaged.

## How This for Heat?

COLLEGE CORNER, O., June 18.—The Cincinnati, Hamilton and Indianapolis railroad tracks at Fountaintown, Ind., were reported as being one foot out of line Thursday afternoon on account of the excessive heat.

## Suspended After Thirty-Four Years.

MASSILLON, O., June 18.—The Massillon Weekly American, founded in 1858, conducted by James H. Hoover, with a job office attachment, suspended publication, the result of unprofitable business.

## DUN'S REVIEW.

An Improvement in Both Trade and Prospects.

## FLOODS STILL MAKING TROUBLE.

Money Abundant Everywhere and Unusually Cheap—Collections Good—Promising Wheat Crop Causes a Fall of Five Cents—We Have a Surplus of 50,000,000 Bushels.

NEW YORK, June 18.—R. G. Dun & Company's weekly review of trade says:

There is improvement both in actual trade and in prospects. Floods still make some trouble in the lower Mississippi valley, but elsewhere throughout the west and northwest excellent farm prospects stimulate trade. At the east, the demand for manufactured products is large for the season, and the settlement of many labor controversies helps, especially in building trades, while fear of a long strike in western iron works also stimulates purchases of iron and steel products. Political movements have much encouraged conservative men with regard to the monetary future.

Iron sales are large, the demand for structural, sheet and plate iron is improving, and even in rails the western mills find a somewhat better demand. The demand for steel beams is stimulated by the low prices, two and one-fourth cents being quoted. No improvement is seen in copper at twelve cents; London speculation has hoisted tin to twenty-two cents, but lead is weaker at 4.1 cents.

Trade is fairly active at Boston, with large sales of print cloth and reduction in bleached suitings, while woollens are reasonably quiet and the shoe trade excellent, though orders are temporarily checked by western floods. Leather is very firm, and another advance in sole is predicted. Rubber shoes are steady, with orders for weeks ahead; rubber is firm and active, and sales of wool are 2,500,000 pounds, with encouraging prospects.

At Pittsburg the demand for finished iron is good, the prospect of wage difficulties stimulating the workers demanding last year's scale, and the manufacturers a reduction. Hardware is very active and glass unchanged.

At Cleveland trade is larger than last year, though buying is conservative.

At Cincinnati the millinery trade is about the average and the jewelry trade fair.

At Detroit trade equals last year's, and in some lines is larger, with wool three cents below last year's prices, and crop prospects good.

At Chicago the volume of business is increasing in all lines. Receipts of oats show some increase over last year, of cured meats a sixth, of hogs and cattle a fifth, of flour and rye two-thirds, while of dressed beef receipts are double, of lard three times and of barley four times last year's.

A decrease of a third is seen in wheat and wool, and some decrease in hides, cheese and butter.

At St. Louis, in spite of hot weather, business is reasonably good.

At Kansas City, fairly satisfactory, with large receipts.

The crop outlook is brighter at Milwaukee and remarkably good at Minneapolis, with trade better than last year, lumber active and the flour output the largest on record, 214,000 barrels against 133,000 last year.

At Omaha improvement is seen in dry goods, shoes and hardware, and at Denver trade is very good.

Improved trade is noted at Louisville and Nashville, and business holds on well for the season at Savannah, a decrease in production of naval stores being contemplated. High water makes business dull at New Orleans, but sugar is quite steady and money plenty with very little demand.

## Good Prospects for Wheat.

A June crop report promising a wheat yield much beyond any other except the last has caused wheat to fall five cents, while oats have fallen two and one-fourth and corn one cent, and pork products are a little stronger. Western receipts of wheat continue at the rate of 600,000 bushels daily, and exports nearly 400,000, but the surplus to be carried over will doubtless reach 50,000,000 bushels.

Better weather, and a decrease of only 12 per cent in cotton acreage according to the most reliable report, have caused a fall of five-sixteenths in the price, with sales of 813,000 bales, receipts and exports being larger than last year.

The great manufacturers are doing well for the season. Cotton spinners are taking more cotton than a year ago, and small stocks of goods are comparatively small.

Exports of products continue heavy. Money is everywhere abundant and unusually cheap, and complaints of collections fewer than usual.

In the stock market a decided advance for some days has been followed by reaction, but the tone is strong, notwithstanding exports of more than \$5,000,000 gold this week.

## Failures.

The business failures during the last seven days number for the United States 153, Canada 26, total 179; as compared with 192 last week, 250 the week previous to the last, and 253 for the corresponding week last year.

## Woman Shot—Nephew Suspected.

HATFIELD, Mass., June 18.—Mrs. Michael Larkin, a widow seventy-five years of age, was fatally shot Thursday night. The old woman, who was possessed of some property, arranged to leave it at her death to David Cahill, who married her niece. Cahill is missing, and it is believed that he shot Mrs. Larkin during a quarrel about the property and then went off in the woods and committed suicide.

# EVENING BULLETIN.

SATURDAY, JUNE 18, 1892.

## DEMOCRATIC TICKET.

Election, November, 1892.

For Circuit Clerk,  
ISAAC WOODWARD.

For Sheriff,  
J. C. JEFFERSON.

## WEATHER INDICATIONS.

Local rains, south winds; slightly cooler in Kentucky.

A HARRISON and Reid ratification meeting at Louisville brought out only thirty Republicans. The rank and file don't seem to enthuse much.

THE Boston Transcript, a Republican paper, says from the day Cleveland issued his famous tariff message Republicanism has been waning in New England. With the ex-President or any other good man to lead this year, the Democrats stand a good show of carrying the Bay State next November.

THE Republicans control the Senate, and that distinguished body will either defeat or postpone the bills the House has passed admitting New Mexico and Arizona to the sisterhood of States. Republican papers object seriously to their coming in at this stage of the game. The Detroit Tribune says: "If admitted to the Union they would probably send to Congress two Democratic Representatives and four Democratic Senators, thus overthrowing the Republican majority in the Senate." The interests of the Republican party, you see, are of first consideration with these G. O. P. journals.

"CONGRESS pulls the trigger, the trust must do the rest. The duty imposed protects nobody if there be domestic competition," says an exchange. "The organization of the trust becomes a *shoe qua non* in every protected industry to give its protection value. There can be no protection without the trust any more than there can be protection without the duty. Protection is not wind-pudding. It is boodle—so much hard cash. The boodle must be collected. People do not contribute it each week and send it to the beneficiaries. Unless the trusts collect it there is no protection. The Steel-Rail Trust has twenty-members. When times are good the members pull together and collect all the law permits. When times are hard the members quarrel and in the fight the trust is broken. When an era of railroad building begins it is pretty to see how quickly the trust fence is made bunkum. See this:

Miles of railroad built, 1884-5..... 3,766  
Price of steel rails..... \$29.02  
Miles of railroads built, 1886-7..... 11,085  
Price of steel rails..... \$35.81

"When railroad building declines, and the trust breaks, prices go down. When business gets lively the trust reforms and prices go up."

## "Hat and Rat."

"The printers of New York have invented a name for the Republican ticket which will probably stick by it during the entire campaign," says the Chicago Herald. "They have had circulars printed and distributed throughout the newspaper offices of New York in which Messrs. Harrison and Reid are referred to as 'Hat and Rat.' Mr. Reid's arrangement of his difference with the union printers may prove, like Mr. Blaine's resignation from the Cabinet, to have been thought of too late."

## Macklin's Sentence Affirmed.

The Court of Appeals has affirmed the case of the Commonwealth against Riley Macklin. The defendant was convicted not long since in the Nicholas Circuit Court of the murder of George Weisbrodt, at Blue Licks, last July 4, and given twenty-one years in the penitentiary.

## When Traveling.

Whether on pleasure bent, or business, take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectively on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness. For sale in 50 cents and \$1 bottles by all leading druggists.

## THE NEW ELECTION LAW.

Some of its Provisions in Regard to Registration and the Voting Precincts.

Section one and a part of section two of the bill's article on registration reads: "In all cities and towns of the first, second, third and fourth classes, there shall be a registration of all the qualified voters of the respective cities and towns, which registration shall be held and conducted as herein provided.

"The officers of election in the several election precincts of the respective cities and towns mentioned in the preceding section shall be the officers of registration in such precincts, and shall serve as such for one year from the time of their appointment as officers of election; and each officer of registration, before entering upon the discharge of his duties, shall take an oath before some person duly authorized to administer same, to faithfully discharge the duties of his office."

A part of Section five reads as follows: "The officers of registration shall attend at the voting places of their respective precincts on the first Tuesday in October in each year, from the hours of 6 in the morning until 9 in the evening, and on such other days as the City Councils of said city may deem necessary and provide for by ordinance; provided, however, that the last day of registration shall be fixed by said ordinance not later than the third Tuesday in October, and shall record in the registration book, which shall be furnished by the County Clerk to each registration clerk, a list of such qualified voters of the precincts as may apply for registration."

Sections one and two, of Article two, read as follows:

Section 1. The County Court of each county in this State shall, on or before the June term of said courts, divide the Justices' districts of each of said counties into election precincts, and establish the name or number and boundaries of same, and place of voting in each precinct. There shall be but one voting place in a precinct. Each precinct shall contain, as nearly as practicable, three hundred voters, based on the number of votes cast at the last election for Presidential electors; but no precinct shall contain more than three hundred and fifty voters. If at any election hereafter more than three hundred and fifty votes shall be cast at any voting place, it shall be the duty of the Sheriff of the election in such precinct to report the same to the County Court, which shall at its next regular term divide such precinct as equally as possible so that the new precincts formed thereof shall each contain three hundred voters, as nearly as practicable. If, for any good cause, an election can not be held at the house appointed as the place of voting, the Judges of the election may, on the morning of the election, adjourn it to the most convenient place after having publicly proclaimed the change and posted notice of the same on said house.

"Section 2. The County Court of any county may change the boundaries of any precinct within such county, or divide any precinct into two or more precincts, or change any place of holding elections whenever public convenience or the public good may require it; provided, that no such change, division or consolidation shall be made after the June term of each court next preceding an election; and provided further, that no such change, division or consolidation shall be valid without giving due notice, at least one month before any election, by one publication in some newspaper published in said county having the largest circulation therein, or by posters put up in four of the most public places in said precinct; and provided further, that no precinct shall be enlarged so as to contain more than three hundred and fifty voters."

## Ex-Legislator Dead.

Hon. George S. Fleming, aged sixty-five died at his home near Flemingsburg yesterday at noon. Mr. Fleming was one of the most prominent farmers and stock-raisers in Fleming County. He served one term in the Kentucky Legislature during the civil war.

Deceased was a brother of Dr. John T. Fleming, of this city, and had been ill for several weeks.

PART of the rear wall of the building occupied by Mr. J. L. Daulton as a cigar factory fell yesterday afternoon, and occasioned some excitement for a few minutes. No one was hurt.

CAPTAIN PRISTER's evening excursions on the handsome new ferry, the Lorraine, are proving very popular. About seventy-five people were out last evening and had a delightful ride.

THE Connersville News says: "J. O. Lee arrived in the city Thursday morning, direct from Washington City. He says the fuel gas plant at that place, when given a trial, showed up even better than they had anticipated. There is a slight defect in the feed, however, and the plant will not be ready for constant operation until it is fixed. This, however, will be arranged within a few days, and then look out."

## PAYING THE TAXES.

Railroad Companies Who Thought They Were Exempt Are Now Paying Up.

A special from Frankfort to the Courier-Journal says: "Another railroad, the Knoxville, Cumberland Gap and Louisville, has accepted the opinion of Auditor Norman and Attorney General Hendrick in the matter of the liability of railroads for State taxes, heretofore supposed to be exempt by the act of 1884, allowing five years from the beginning of the construction of the road, which the State officials hold was repealed under the ruling of the United States Supreme Court in the Louisville Water Company case, by the Hewitt Revenue act of 1886.

"The road mentioned paid taxes to the Auditor Thursday for 1890 and 1891, and also the commission allowed the Attorney General by law for preparing and filing the suit, which, if it had not been settled, would, along with more than thirty others already filed, have been set for trial in the Circuit Court of Franklin County during the term beginning next Monday.

"The settlement of this question is not only important in the amount of \$175,000 taxes to the State, but in a much greater amount of taxes to the cities, towns and counties through which these roads may run."

## PURELY PERSONAL.

Miss Maria Wardroper has returned from Owingsville.

Mrs. Dr. M. H. Davis, of Mayslick, is at Paris visiting her parents.

Miss Ethel Renick will arrive to-day to spend a few weeks with Miss Nettie Robinson.

Miss Anna Osborne, of Tuckahoe, is the guest of the Misses Bedford, of Millersburg.

Mr. and Mrs. Charles Ellis, of Forest avenue, is visiting her sister Miss Bradford, of Covington.

Mr. James Lynch, of Buffalo, N. Y., arrived last evening on a visit to his parents, Mr. and Mrs. W. W. Lynch.

Mr. T. D. Hierley left for his home in Chicago yesterday afternoon, after spending a few days here with his mother and sisters.

Miss Lizzie Sudduth, after having spent several weeks in our midst, has returned to her home in Maysville.—Owingsville Outlook.

Mr. Harry Wadsworth, who is attending court at Vanceburg, came down yesterday afternoon and returned to Vanceburg last night.

Mrs. W. H. Cox and daughters, accompanied by Mrs. Asa Runyon and daughter of New York, leave to-day for a sojourn at Glen Springs.

Mrs. Charles A. Shuler and her little daughter, Josephine, of Hamilton, Ohio, are the guests of her sister, Mrs. T. M. Luman, of the Fifth ward.

Mrs. G. W. Martin, of Lexington, has returned home after a visit to her parents, Mr. and Mrs. L. Roser. She was accompanied by Miss Minnie and Master Ed. Roser.

James P. Harbeson, Jr., arrived at Flemingsburg Thursday afternoon from West Point Military Academy on a leave of absence of two months. He has been away now almost three years, and his friends were glad to welcome him back, says the Times-Democrat.

REV. C. S. LUCAS returned this morning from Bluefield, Va.

PARTIES are here from Tallapoosa, Ga., with a view of securing a location for a stove factory.

THE State Senate has passed the important bill on corporations, and it now goes to the House.

MR. WILLIAM PRICE, who was wounded by Deputy Marshal Stockdale Wednesday night, is not so well to-day. Mr. Stockdale is better than he was yesterday.

AS the old settlers of Nicholas County were assembling the other day for their annual re-union they received word that one of their number, Daniel Spurgeon, aged seventy years, dropped dead at his home in Greencastle, Ind.

THE members of the Women's Executive Committee of the World's Fair Managers of this State have agreed that each would take a certain number of towns in Kentucky, where they would endeavor to arouse an interest in the Fair and further their different lines of work. Maysville and Flemingsburg are among the cities Miss Lucy Lee Hill will visit.

## Attention, Sir Knights.

Special convocation of Maysville Commandery No. 10, K.T., Monday, June 20th, at 8 o'clock. Order of Red Cross will be conferred. A full attendance is desired.

JOHN H. HALL, E. C.

A. H. THOMPSON, Recorder.

### REV. RICHARD C. RICKETTS.

#### The Curators of the Kentucky University Pay Him a Tribute of Loving Respect.

The late Rev. Richard C. Ricketts was a member of the Board of Curators of Kentucky University, of Lexington, at the time of his death. He was one of the oldest and staunchest friends of the University. At the last meeting of the Board, J. C. May was chosen to fill the vacancy, and the following notice was made of the life and character of the deceased:

"It is not often in life that the sad duty of paying the tribute of loving respect to the memory of the dead calls us to dwell upon a life and character more worthy than that of Curator Richard C. Ricketts. For sixty years of active ministry and service his name was a familiar household word among the great brotherhood with whom he stood identified, and among whom he earnestly labored in the cause of religion and humanity. His spotless character and unselfish work endeared him to that brotherhood who loved him in life and will honor his name in death. His memory lives to-day, enshrined in the hearts of all who knew and loved him, and will live upon the pages of that history which he helped to make and of which he has become a part. Richard C. Ricketts was one of the few men left whose life belonged to the pioneer period and to the later years of the religious movement in which he was an active participant. Whether we contemplate that life in the services of the eloquent and devoted minister of the gospel, the humble and faithful disciple of the Master, or the earnest philanthropist in all auxiliary enterprise to religion, we render to his memory the meed of highest praise so justly due. His brother Curators mourn his death; but remember he died full of years and honors, and that his works live after him. The Board extends its deepest sympathy to the bereaved kindred and friends."

Rev. Mr. HIBBS, of Carrollton, has been called to the pastorate of the Mayslick Baptist Church, and will preach there to-morrow.

JUDGE MORTON, of Lexington, ordered Claude M. Johnson and J. D. Kerr arrested for failing to attend to their duties as members of the grand jury.

Rev. FRED D. HALE's protracted meeting in the Paris Baptist Church is proving successful. There were four additional Thursday night and interest is increasing.

The Courier-Journal says it is rumored that Colonel T. J. Moss is negotiating for the fast Telegraph, the Cincinnati and Pomeroy packet, to supply the place of the Idlewild in the St. Louis Commerce trade.

The programme of the closing exercises of the Misses Young's school as published in the BULLETIN Thursday appeared just as it was handed to us. If it was not correct it was not the BULLETIN's fault.

Tins hot weather ought to cause a boom in summer clothing. Hechinger & Co., of the popular Oddfellows' Hall Clothing House, can supply your wants for light-weight garments. Call and look at their stock.

ELEGANT berry dishes, fruit bowls and water sets, in fine electro plate, at Ballenger's, the jeweler. They are warranted to last a life time. Call in and see his stock when you want anything in the jewelry line.

The North Middleton Advance claims J. J. Redmon's crop of tobacco is probably one of the largest ever raised in Bourbon County. From four acres he raised 8,720 pounds, an average of 2,180 pounds to the acre.

At the Central Presbyterian Church to-morrow the new pipe organ will be dedicated to the worship of God in the service of song. There will be appropriate music and other services. All who are interested are especially invited.

UNCLE JACK HOOK leaves Paris the latter part of this month for the western circuits. He takes with him Dr. Sparks; Letcher, by Dictator; Mary Jane, a two-year-old Cyclone; Seminette 2:30, by Simmons Boy, property of Darnall Bros., Carlisle.

SPEAKING of the marriage of Mr. E. H. Nesbitt and Miss Ella Milton Cummings this week, the Outlook, published at the groom's old home, says: "Ed. is 'one of the handsomest and most popular young men ever raised in Owingsville, and his many friends will be delighted that he has made his choice of a life partner.'"

An amendment to the Corporation bill has been adopted by the Senate at Frankfort which provides that all officers and directors of corporations shall make oath that they will neither suffer nor permit the evasion or violation of any law of the Commonwealth in the interest of their corporation during their terms of office.

By an oversight the act passed by the Legislature providing for an increase of 5 cents on \$100 in the tax rate for general purposes was made to apply to the assessment for the fiscal year, beginning July 1, 1892, whereas it was intended to apply to that for the year, 1891. In order to meet the present deficit Mr. Hart introduced a bill Thursday morning to cure the defect.

PLANS for the Kentucky World's Fair building from the following Kentucky architects were sent in to the committee Thursday: McDonald Bros., Maury & Dodd, Val. P. Collins, Caldwell & Galvin and Frank L. & Edward W. Smith. The latter firm is of Lexington and the others of Louisville. Mr. Collins is a son of the Kentucky historian, Richard H. Collins. That of Maury & Dodd was accepted.

### INSURANCE THAT DIDN'T INSURE.

#### Mason County People Caught by a Louisville Company—Prosecution Probable.

The People's Mutual Assurance Fund, an endowment insurance company doing business at Louisville, made an assignment Thursday to the Germania Safety Vault and Trust Company of that city. The liabilities amount to about \$50,000 while the assets are practically nothing.

Several Maysville people and about twenty-five citizens of Tollesboro were policy holders in the company, so the BULLETIN learns, and it looks very much like they are victims of a down right swindle. The Courier-Journal says it has been known for a long time in Louisville that the concern was on its last legs, and that the officers have been contemplating having a receiver appointed to wind up its affairs, and yet these officers continued right along to collect money from the policy holders. Only this week, a certain citizen of this city paid the company a premium of \$13.

Another policy-holder living in this city received a notice a few days ago that his premium was due but refused to pay it until they sent him a statement of the financial condition of the fund. This was forthcoming of course, and the money was then forwarded.—\$17.

Judging by the article in the Courier Journal, the officers have known for a long time that their concern was bankrupt, that it practically had no assets, and collecting money from the policy-holders under these circumstances seems a bare-faced fraud and swindle.

Some of the Maysville policy-holders are talking of instituting criminal proceedings against the members of the company.

The present officers are: J. C. Getteys, President; L. Parsons, Vice President; W. T. Darrow, Secretary and Treasurer, and C. W. Parsons, Medical Director.

Window glass all sizes at Greenwood's.

## ONTARIO ORE.

Why Shouldn't Canada Do Her Own Smelting?

### CAPITALISTS ARE INTERESTED.

**Project on Foot to Erect Smelting Furnaces at Toronto—The Provincial Government Asked to Give Financial Assistance—The Ontario Deposits of Unusual Richness.**

TORONTO, June 18.—Capitalists have in hand a project for the erection of blast furnaces near here for smelting Ontario ores, and they are urging the provincial government to grant financial aid to carry out the scheme without delay. It is proposed to erect furnaces with a capacity of smelting 100 to 150 tons of pig iron daily.

Capitalists inform the government that experts from the United States who have examined the Ontario iron ore say it is of a very superior quality, and point out the fact that it is remarkably low in its percentage of phosphorus, and will therefore yield high grades of iron and steel.

Regarding fuel the projectors of the scheme state that it can be laid down here cheaper than in Chicago. It is proposed to use coke.

#### An Expert's Opinion.

W. Hamilton Merritt, a Canadian mining expert, states that the United States produces forty-five times as much pig iron per capita as Canada, and as individual consumption is about the same in both countries, the showing was not very complimentary to the Dominion. Americans, he said, are obliged to import their best qualities from Spain and Cuba, while in Ontario there are deposits quite up to the standard of either Spain or Cuban ore.

#### Want a Bonus.

The government is asked to pay a bonus of \$2 per ton for all ore mined, and it is thought that as this will develop the iron mining industry of the country the request will be granted. American capitalists own some important iron ore districts in Ontario.

### FIVE CHILDREN DROWNED

**While Washing a Buggy in the Ohio River at Neville Island.**

PITTSBURG, June 18.—Five children were drowned at Neville island, on the Ohio river, eight miles from Pittsburgh, at 3:30 o'clock yesterday afternoon. Their names are:

Paul Pittock, three.  
Rufus Pittock, nine.  
Maggie Pittock, twelve.  
Ada Pittock, fourteen.  
Edna Richardson, thirteen.

The Pittock children's father, who is president of the Bellevue Natural Gas company, lived in a pretty country home near Neville island. The children were playing in the barn. The buggy was muddy and they took it to the edge of the river to clean it. In some unknown manner the buggy toppled over the bank into the deep water pulling the five children with it and all were drowned. Only one body, that of Edna Richardson, has been recovered. Mrs. Pittock is about insane and Mr. Pittock heartbroken over the sad accident.

### A FALLING PORCH

**Seriously Injures Four Women, Three of Whom May Die.**

CHICAGO, June 18.—By the falling of a porch in the rear of 414 State street, yesterday afternoon, four women were injured, three of them so seriously that they may die. The women injured were:

Mollie Homan, twenty-five years old; very badly cut about the head and injured internally.  
May Johnson, twenty-six; badly cut about the head and injured internally.  
Mary Colligan, twenty-four; badly cut about the head and cut on legs and feet.  
Mary McLaughlin, twenty; badly bruised.

The injuries of the three first mentioned are of a very serious nature, and are likely to prove fatal.

### World's Fair Half Dollars.

WASHINGTON, June 18.—The house world's fair committee Thursday completed its bill making an appropriation to aid the Chicago fair. It provides for coinage 10,000,000 silver half dollars as souvenirs of the fair, which shall pass current as money. One hundred thousand dollars is appropriated for the expense of the coinage. The bill also provides for 50,000 bronze medals and 50,000 diplomas to be awarded to visitors at the fair in accordance with the act providing for the fair: \$103,000 was appropriated for this purpose.

### Will Celebrate the Fourth.

FRANKLIN, Ind., June 18.—Extensive arrangements are being made to make the coming Fourth of July the most elaborate celebration witnessed here for years. Excursions will be run from neighboring towns and many visitors are expected. One of the features will be a prize band tournament, in which five bands from over the state will participate. There will also be competitive drills, horse racing, contests of various kinds, base ball, balloon ascensions and addresses by prominent people.

### Hanging Witnessed by 10,000 People.

NASHVILLE, June 18.—At 10 o'clock Friday morning John Wallace, the murderer of Henry Cole, was hanged near Jasper, Marion county. The execution was witnessed by 10,000 people. Wallace had touched no food for two days and was very weak. The gallows was erected one mile from the jail, and in a valley surrounded by high hills, on which the spectators stood. Wallace was hanged for the murder of Henry Cole, near Shellmound in 1890.

COLUMBUS, O., June 18.—Herman Hockstedt, an employee of the Panhandle shops, received fatal injuries by steel plate falling on his head, fracturing his skull. He died later. While the patrol wagon was going after Hockstedt a cut of cars ran into them. Officer O'Connor had his left hip broken and was badly injured. The wagon was wrecked.

## THE MARKETS.

(CINCINNATI TOBACCO MARKET.)

(Thursday.)

The "breaks" were only of very moderate size, being 600 bids, which was 50 more than the corresponding day last week. There was a fair attendance of buyers and they were bidding fairly, but not quite so well as the two previous days. Trashes and lugs were in fair demand, but did not sell quite so well as yesterday. Commoner and medium leaf (red) was rather dull and prices some easier. Good and choice grades were in fair demand, but the market is not so active. Of the 23 bids (old) 4 sold from \$1.55 to \$5.50, 16 from \$6 to \$7.50, 3 from \$8 to \$9.10. Of the 67 bids (new) 4 sold at \$1 to \$3.40, 54 from \$4.20 to \$5.35, 242 from \$6 to \$7.35, 105 from \$8 to \$9.75, 70 from \$10 to \$11.25, 75 from \$12 to \$14.75, 52 from \$15 to \$19, 4 from \$20 to \$23.50.

### PORK PACKING AND PROVISIONS.

(Cincinnati Price Current, June 16.)

There is shown considerable decrease in the movement of hogs the past week, the packing returns indicating a total of 235,000 for Western points, compared with 385,000 the preceding week, and 230,000 for corresponding period last year. The total from March 1 is 3,605,000, against 3,245,000 a year ago—increased 360,000 hogs. The average of prices for Western markets is about 15 cents per 100 pounds higher than a week ago. The reduced marketing evidently reflects the change in view concerning the prospect for the corn crop. The past week has been especially favorable for this crop, and sentiment has changed quite decidedly, leading to a much more free marketing of corn, and lower values.

This has given tone to the provision trade, and a moderate advance shown at the close in comparison with a week ago for pork and lard, with a more decided gain in short rib sides, for July delivery, at Chicago. It being surmised that contracts for short ribs for July delivery have become centered in strong hands to an extent to cause uneasiness on the part of those who have oversold. The distribution of product continues of liberal proportions, and unless the marketing of hogs is maintained decidedly above calculations of the trade there appears to be ground for expectations of higher values before long. The export clearances of hog product continue to show a large gain over the movement last year, in both meats and lard, the aggregate last week showing more than 50 per cent. increase, the greater gain being in meats.

COLONEL DAN J. DALTON, of the Third Regiment, U. R. K. of P., of Cincinnati, has issued an order forbidding members to participate in Sunday excursions and pic-nics. This is in accordance with the general laws of the society.

### B. A. STOCKDALE, M. D.,

Specialist, will be at the Central Hotel, THURSDAY, JUNE 14, and remain one day, returning every month during the year.

In charge of the Electrical and Surgical Department of the MEDICAL AND SURGICAL INSTITUTE, Louisville, Ky. He treats all curable Medical and Surgical diseases, Acute and Chronic Catarrh, diseases of the Eye, Ear, Nose, Throat and Lungs, Dyspepsia, Bright's Disease, Diabetes, Kidneys, Liver, Bladder, Chronic, and Female and Sexual Diseases, Epilepsy or Fits cured—a positive guarantee. Young and middle aged Men suffering from Spermatorrhea and Impotency as the result of self-abuse in youth or excess in mature years and other causes producing some of the following effects, as emaciation, blotches, debility, nervousness, dizziness, confusion of ideas, aversion to society, defective memory and sexual exhaustion, which unite the victim for business or marriage, are permanently cured by remedies not injurious. Blood and skin diseases, Syphilis and complications, as sore throat, falling of the hair, pain in the bones, eruptions, etc., are perfectly eradicated without using mercury or other injurious drugs. Gonorrhea, Gleet, Stricture and all Urinary and Epididymal troubles are speedily cured by treatment that has never failed. He undertakes no incurable cases, but cures thousands given up to die. Remember the date and come early, as his rooms are always crowded wherever he stops. Correspondence solicited and confidential. Address: MEDICAL AND SURGICAL INSTITUTE, Louisville, Ky. 16-64wly

## LAND FOR SALE.

I will offer for sale EIGHTY ACRES of land, situated on the Taylor's Mill turnpike and K. C. railroad at Summit Station, three and one-half miles from Maysville—one of the best markets in the State. Said land is No. 1 in quality—none better in the county—well watered, can be divided to suit purchasers, four passenger trains daily, five minutes ride to Maysville, good neighborhood. Anyone desiring a good location will do well to call on the undersigned at the home of the late Sinclair Dismitt. If not sold privately will be sold to the highest bidder JULY 30, 1902. One-third cash, balance in one and two years; 6 per cent. interest on deferred payments. A lien on the land will be retained.

MRS. ANNA MONTJOY, 116 W. 4th St. Bernard P. O., Mason Co., Ky.

**A Family Affair.**  
Health for the Baby,  
Pleasure for the Parents,  
New Life for the Old Folks.

**Hires' Root Beer**

**THE GREAT TEMPERANCE DRINK**  
is a family affair—a requisite of the home. A 25 cent package makes 5 gallons of a delicious, strengthening, effervescent beverage.

Don't be deceived if a dealer, for the sake of larger profit, tells you some other kind is "just as good"—it is false. No imitation is as good as the genuine Hires'.

**AND THE DRUNKENNESS OPIUM HABIT** Permanently Cured, without pain or shock. THE KELLEY SYSTEM, PLAINFIELD, IND.

### ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.
